HIGHLIGHTS FROM THE SEMESTER

We have had such a BUSY semester! We did movie nights, laser tag, bake sales, international student ministry nights, service events, and we even helped St. Paul's Lutheran Elementary raise money for their Gifts of Grace Charity Auction. Many of our students went to St. Paul's Lutheran Elementary so it was nice be able to help out! We also made tons of memories doing boys' nights and girls' nights every month. It's wonderful to have faithful peers to grow together with!

The Bible studies were also top notch again this semester. The students chose the topics and themes. We learned about how to know if God is prompting us toward something, a biblical view of mental health, having God-pleasing relationships, creation, and we even had some student-led Bible studies at the end of the semester. It's important to grow in experience and confidence so that we can teach others God's Word!

Thank you all!

Big thanks to the donors who have helped us to do all these wonderful events! With so many new students, everything was way more expensive than usual. Thank you all so much for keeping us fed and happy this semester! Also thanks for the Thrivent Action Teams this semester!

Laser tag at Jaegers

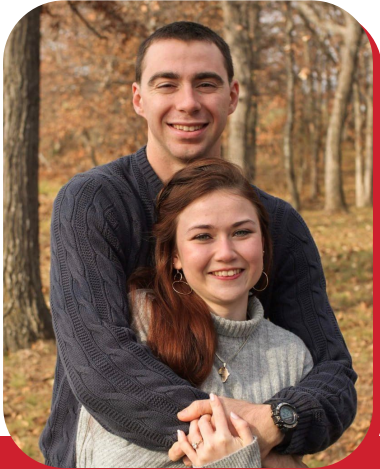

Our 2024 class panel. Each student put a set of handprints up top in their preferred color

Also, if you look closely you may see mighty "Squirrelgelt."
